In addition, dogs require Bordetella, a kennel cough vaccine to be current and a fecal exam must have been completed within the last year. Dogs that have bitten or clawed will not be allowed to board with us. At the time of check in, owners are required to disclose on our boarding form if the pet has any behavioral problems. We try to accommodate shyness, nervousness and issues other than aggression. Some pets with no history of behavioral problems develop aggressiveness in a strange environment. In this situation, the emergency contact person will be called and will be requested to pick up the pet at our facility by the end of the same business day. Deer Creek Animal Hospital reserves the right not to board your pet.
